- Swimming Classes
- Clubs
- CBC Training
- Programme For Pastoral Instruction (PPI)

Dear Parents/Guardians,

We extend a special welcome to all our parents and learners to the City Rose Academy family. Our hope and that the children have been settling well into their new school and enjoying the stay.

As we come to the end of week four for term one 2023, we can proudly say that we have witnessed steady growth at CRA and also seen the children get fully engaged with activities both in and outside class. As our school motto states **"Nurturing Champions",** we strive to have every child rise to their full God-given potential and stir the resident greatness in them.

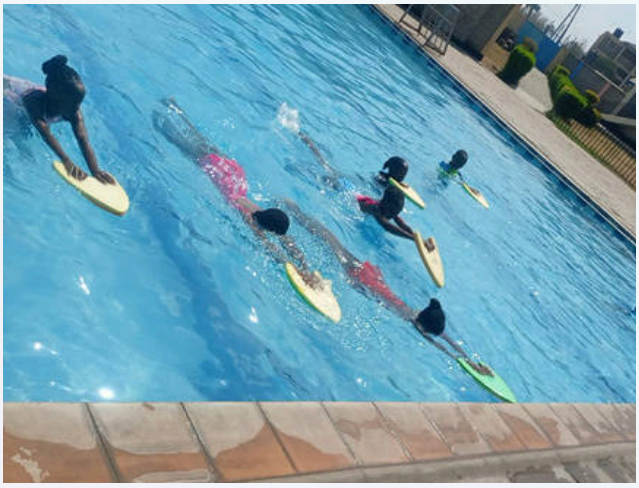

SCHOOL HIGHLIGHTS

1. Swimming Classes

We are thrilled to highlight our swimming classes as one of our school's standout programs. Our learners not only get the opportunity to learn how to swim, but they also gain valuable skills and knowledge that they can use throughout their lives.

Our swimming classes are designed to teach children how to swim safely and confidently. Our experienced instructors guide students through the basics of swimming, including proper breathing techniques, stroke mechanics, and water safety. With the help of our instructors, our learners learn to swim with ease and grace.
Not only do our swimming classes provide physical exercise and improve the child's physical fitness, but they also promote engaging, fun social interaction and teamwork. Learners work together in small groups, motivating and encouraging each other, which helps build a sense of camaraderie and teamwork.

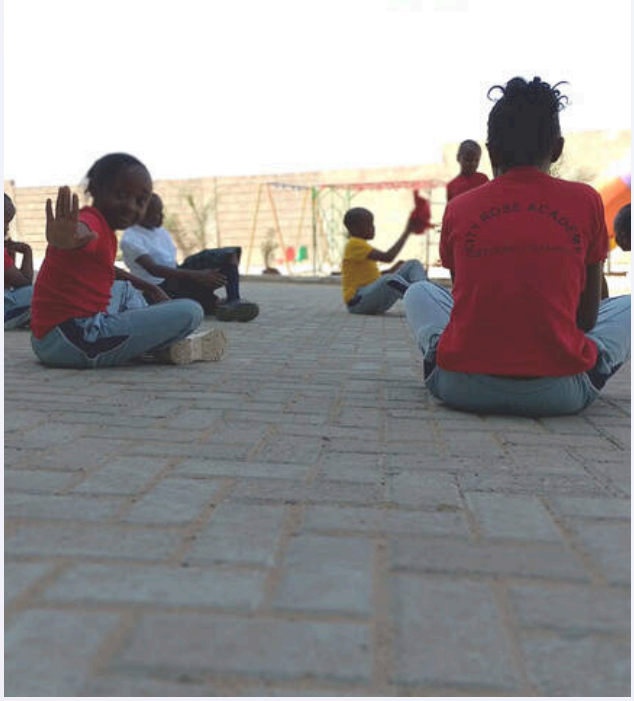

2. Clubs

We are proud to highlight the wide range of clubs and extracurricular activities offered at our school. Our clubs provide opportunities for students to explore new interests, develop skills, and connect with like-minded peers.

Clubs promote personal growth and development by encouraging students to explore their passions and interests. They also foster social connections and build relationships with peers who share common interests. In addition, clubs provide a valuable opportunity to develop leadership skills, which are transferable to many areas of life.

SCHOOL HIGHLIGHTS

3. CBC Training

We are excited to highlight the emphasis we place on professional teacher development at our school. Our teachers are the backbone of our school, and we believe that investing in their professional growth and development is essential to providing a high-quality education for our learners.

Our school will be providing our teachers with a range of professional development opportunities throughout the year. These opportunities will include workshops, conferences, seminars, and training sessions, which cover a variety of topics such as best practices in teaching, classroom management, assessments, and technology integration.

On 4th February, we had our first professional teacher development session where our teachers were equipped more on the Competency-Based Curriculum (CBC). The areas covered related to developing learner-centered teaching practice, developing formative & summative assessments that align with the CBC, Integrating technology in teaching and learning and enhancing Competency-based learning.

4. Programme For Pastoral Instruction (PPI)

The pastoral program is an essential part of our school's educational offering. We believe that the development of the whole child is critical to their success, and our pastoral program aims to support the social, emotional, and spiritual development of our young learners.

We focus on social-emotional learning, character education, spiritual development, and creating a safe and inclusive environment. We believe that by providing a holistic education that focuses on the whole child, we can prepare our students for success in their future academic and personal lives.

We hope you have enjoyed reading this newsletter and learning about the latest news and events at our school. As we conclude, we want to extend our gratitude to our learners, parents, teachers, and staff for their continued support and dedication to our school community.

Looking ahead, we have a lot of exciting events and initiatives planned, and we can't wait to share them with you in our next newsletter. We encourage you to get involved and be a part of our school's success. Remember, at our school, we believe that every student has the potential to succeed and make a positive impact in the world. Thank you for being a part of our journey towards Nurturing Champions.

Thank you.
School Administrator.
