CRA 2024 NEWSLETTER ISSUE 2

Dear Parent/Guardian,

Warm greetings from the City Rose Academy family as we step into March, building on the vibrant momentum of our second year. After a January filled with numerous activities and achievements, we're eager to share the highlights and successes February brought us.

At Ease! Attention!: Scouts Celebrate Founders' Day with Enthusiasm

In a display of discipline and camaraderie, our City Rose Academy Scouts recently took part in the esteemed annual celebration of the Scouts Founder's birthday, affectionately termed "Founderees." Hosted with great fanfare at Ruai Primary School within the Njiru Sub-county.

This year's commemoration honoured the 167th birthday of the Scouts' Founder, uniting scouts from across the region in a shared tribute to his visionary contributions. Our boys and girls, clad in their uniforms, stood at attention and then at ease, embodying the values of respect, teamwork, and the pursuit of excellence that scouting espouses.

The event also served as an important milestone for our newest members, who officially registered as Scouts. We look forward to a year brimming with activities, learning, and growth within the Scouts program. We are confident that these experiences will enrich their lives, fostering a sense of adventure, leadership, and community service.

Elevating Academic Excellence: Teachers' Enhancement through CBC Training

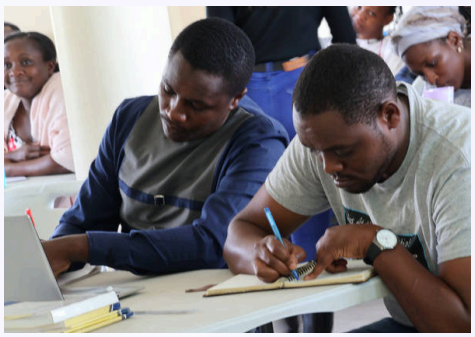

At City Rose Academy, our commitment to delivering unparalleled educational experiences is unwavering. Understanding that the heart of exceptional learning lies in exceptional teaching.

In our continuous quest for academic excellence, we hosted insightful training sessions on consecutive Saturdays, focusing on the evolving landscape of the Competency-Based Curriculum (CBC). Recognizing the critical importance of staying abreast with educational advancements, we were honored to welcome a distinguished CBC expert to lead these workshops.

The sessions were designed not only to deepen our teachers' understanding of CBC's latest enhancements but also to provide a platform for open dialogue, allowing our educators to address their questions and share experiences directly with an authority in the field. These initiatives reflect our enduring pledge to ensure that our learners receive nothing but the best, preparing them not just academically but for a successful future beyond our gates.

We extend our deepest appreciation to our dedicated educators for their commitment to professional growth and to the CBC expert for enriching our faculty's expertise. Together, we are setting new standards of educational excellence, one training session at a time.

A Day of Discovery: School Trips to Mamba Village and Steadmark

Post-midterm exams, our school buzzed with excitement as learners ventured on educational trips - our younger students to Mamba Village and the older ones to Steadmark in Karen. These outings provided a perfect blend of learning, adventure, and relaxation away from the classroom.

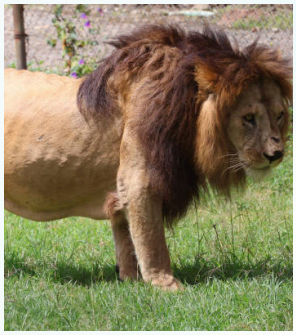

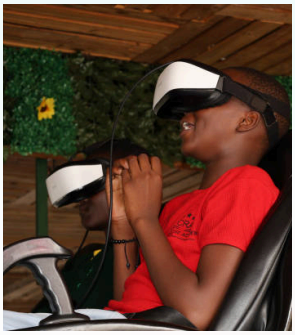

At Mamba Village, the pre-primary and lower primary pupils engaged with nature up-close, igniting curiosity and joy. The trip to Steadmark offered our upper primary and junior school students a serene escape, promoting teamwork and exploration amidst Karen's natural beauty.

Beyond the fun, these trips emphasized social bonding, practical learning, and a break from routine, proving that education extends far beyond classroom walls. We cherish these experiences for the holistic growth they bring to our learners, fostering a community of curious and connected individuals.

Your Feedback is Invaluable to Us

Your support and engagement have been invaluable, and we look forward to another month of shared learning and progress.

We encourage you to share your thoughts with us at any time. Please feel free to reach out with your feedback or concerns by calling, or via whatsapp texts +254 791 496 476 or email us at: administration@cityroseacademy.com

Your input helps us continually improve and ensures we meet the needs and expectations of our school community.
